# 12<sup>th</sup> International ERCOFTAC Symposium on Engineering Turbulence Modelling and Measurements

Montpellier (France) – September 26-28, 2018

## Major Themes

Modelling, simulation and analysis methods for turbulent flows with heat and mass transfer, combustion and multiphase transport

Experimental techniques for flow, turbulence, combustion and environmental processes

Innovative application of modelling, simulation and experiments to unresolved issues in energy, health and the environment

## Keynote Speakers

Sivaramakrishnan Balachandar – University of Florida, USA

Beverly Mc Keon – California Institute of Technology, USA

Oliver Paschereit – TU Berlin, Germany

Peter Schmid – Imperial College, UK

Philippe Spalart – The Boeing Company, USA

Luc Vervisch – INSA Rouen, France

Jerry Westerweel – TU Delft, The Netherlands
